FATHIMA NAKSHA BANU

Software Engineering Intern @ Alpha Health Group | Full-Stack Developer | MAAT (SL) | CSSL Student Member

Email: fathinaksh14@gmail.com | Ampara, Sri Lanka

LinkedIn: linkedin.com/in/fathimanakshabanu | GitHub: github.com/Itz-Naksh

SUMMARY

Software Engineering Intern at Alpha Health Group, building web application features with Laravel (PHP), MySQL and AJAX. Previously completed a remote full-stack internship with Codomax Digital Solutions (India). Builds and deploys full-stack projects independently, including PayLanka, a payroll system for Sri Lankan businesses built with Next.js, TypeScript and PostgreSQL.

Final-year HND in Information Technology student (SLIATE), BBA undergraduate at the University of Peradeniya, and a Member of AAT Sri Lanka (MAAT). Combines software skills with a working knowledge of financial reporting, taxation and business processes to build software that solves real business problems. Uses Git and agentic coding tools such as Claude Code in daily development.

WORK EXPERIENCE

Software Engineering Intern – Alpha Health Group **Sep 2026 – Present**

- Develop and maintain web application features using Laravel (PHP) and MySQL.
- Build dynamic pages with AJAX that update data without reloading.
- Work on real-world projects following the Software Development Life Cycle (SDLC).
- Collaborate with the development team on ongoing projects and follow industry best practices.

Full Stack Web Developer Intern – Codomax Digital Solutions (Remote, India) **Aug 2026**

- Built front-end and back-end features for full-stack web applications with an India-based team.
- Used Git version control and team-based project management workflows.
- Delivered assigned tasks within project deadlines while collaborating online.

Accounts Trainee – Bright Minds Academy **2025 – 2026**

- Assisted with accounts-related tasks, applying knowledge gained through AAT studies.

PROJECTS

PayLanka – Payroll Management System | Next.js, TypeScript, PostgreSQL, Prisma, Auth.js, Tailwind CSS
Live demo: paylanka.vercel.app | Code: github.com/Itz-Naksh/PayLanka

- Payroll for Sri Lankan SMEs with EPF/ETF, overtime and no-pay calculations.
- Draft, review and approval workflow with pre-approval checks, PDF payslips, CSV reports, audit log and role-based access.

CyberAware – Cybersecurity Awareness Website | React, Vite, React Router, CSS
Live demo: cyberaware-mu.vercel.app | Code: github.com/Itz-Naksh/cyberaware

- Interactive phishing quiz, in-browser password-strength checker and a searchable security blog.

Laundry Flow Pro – Laundry Management System | PHP, MySQL, JavaScript, HTML, CSS
Code: github.com/Itz-Naksh/Laundry-Flow-Pro-

- Full-stack system with customer management, order tracking, billing and reviews.
- Designed the database schema and backend order-processing logic; secured with prepared statements, Argon2id password hashing and CSRF protection.

Academic projects: Food City Management System (group; PHP/MySQL inventory and store operations), Inkwell Blog (React/Next.js front-end), Luxmall (HTML/CSS e-commerce front-end).

EDUCATION

Sri Lanka Institute of Advanced Technological Education (SLIATE) **2024 – Present**
Higher National Diploma in Information Technology (HNDIT), final year. Focus: PHP/MySQL web development and database design.

University of Peradeniya **2025 – Present**
Bachelor of Business Administration (External). Focus: business process management and financial/accounting principles.

AAT Sri Lanka **2024 – 2025**
Passed AAT Finalist level; Member of AAT Sri Lanka (MAAT).

Metropolitan College **Mar 2024 – May 2024**
Certificate in English and Information Technology.

Mahmud Ladies College, Kalmunai **2020 – 2023**
G.C.E. Advanced Level, Commerce stream.

SKILLS

- **Languages:** PHP, JavaScript, TypeScript, SQL, C#, Python (academic level)
- **Frameworks & Web:** Laravel, Next.js, React, Vite, AJAX, HTML, CSS, Tailwind CSS
- **Databases:** MySQL, PostgreSQL, Prisma ORM; schema design, foreign key relationships, query debugging
- **Tools:** Git, GitHub, Vercel, Claude Code, VS Code
- **Security:** secure coding basics (prepared statements, password hashing, CSRF protection), cybersecurity awareness
- **Other:** networking fundamentals and IT troubleshooting, MS Office (Word, Excel, PowerPoint), financial reporting and accounting

CERTIFICATIONS & MEMBERSHIPS

- Get Started with Generative AI and Agents in Azure – Microsoft (Sep 2026)
- Enterprise Security in Practice – IBM (Oct 2026)
- Introduction to Modern AI – Cisco (Sep 2026)
- Claude 101 – Anthropic (Oct 2026)
- Web Development – Sololearn (Oct 2026)
- Computer Hardware and Operating Systems Certificate Programme – Orion Campus (2024)
- Member, AAT Sri Lanka (MAAT) – Oct 2026
- Student Member, Computer Society of Sri Lanka (CSSL) – Aug 2026, Membership ID S19870

LANGUAGES

Tamil – Native | English – Proficient | Sinhala – Intermediate
